

Provider360

Enhanced Data Services via Enclarity™

Strenuus is proud to offer **Provider360**, its new provider verification service offered in conjunction with Enclarity, the industry leader in provider data cleansing and verification. This powerful new service allows instant access to verified information about network providers:

Identify

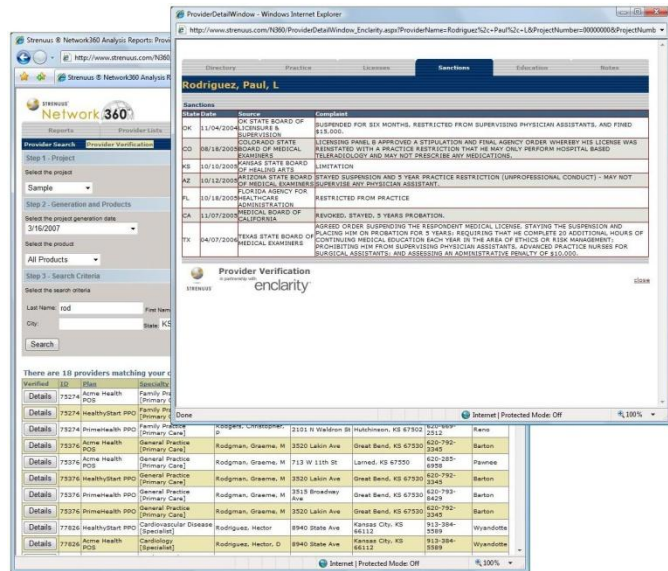

- ✓ Deceased or retired physicians
- ✓ Active practices, with current phone numbers
- ✓ Other practice locations
- ✓ Closed offices

Reference

- ✓ Group and hospital affiliations
- ✓ State licensing and sanction data
- ✓ Medical school information

Confirm

- ✓ TaxIDs, UPINs and DEA numbers
- ✓ Reported specialties

Augmented data is available for your providers, as well as your competitor provider data. And all data is delivered seamlessly within your current **Network360®** service!

Enclarity™ uses advanced analytics and a robust referential database with telephone verification to clean provider data.

Strenuus® is the leader in delivering network competitive intelligence services. We are the largest collector of managed care data in the country.
